Tips for Parents – Getting Organized.

Help your kids get organized! Organization is important for everyone. Talk with your child about how you manage things and how he or she can become more organized. Provide materials—such as an assignment log, notebooks, folders, a calendar and other tools. When your child is presented with a large task help them break it into small steps, establish a plan, and create deadlines for each task. We love it when our parents model organization at home to reinforce this valuable character tool for our students' futures in and out of the classroom. If interested in sending your child to PHAA, please contact the school office at (530) 885-9447.
